HTML Christmas Advent Calendar Documentation

Thanks for choosing HTML Christmas Advent Calendar. You can alter and customise the calendar however you like. This little documentation will help you to understand how it works.

The calendar comes in four different versions: blue with 24 days, blue with 25 days, rosé with 24 days and rosé with 25 days. Just choose the one you like and upload it to your web server.

I used this calendar for a raffle on my own blog. The visitors could win a price every day during December. By default, the doors are deactivated and linked to "#". When a user clicks on an inactive door, a tooltip tells him to *"Come back later!"*. You can activate the doors by replacing the "#" with the URL to the blog post/raffle and removing *class="tooltip" title="Come back later!"* in the href tag. More on that below.

To customise the calendar, start with opening the *index.html* in an editor like Sublime Text or similar.

Facebook Open Graph Data

There are four properties you can customise; og:image, og:title, go:url and og:description.

og:image shows a preview of the website when sharing your site on Facebook. I already included one but you can change it if you want. You should choose the following dimensions: 1200px * 800px.
og:title shows the title when sharing your site on Facebook.
og:url the URL to your calendar (e.g. http://yourblog.com/advent-calendar).
og:description shows a short description in the Facebook preview.

```
13
14          <!--Insert screenshot for Facebook preview-->
15          <meta property="og:image" content="img/og_image.jpg" />
16
17          <!--Insert title of the Advent Calendar-->
18          <meta property="og:title" content="Advent Calendar 2017" />
19
20          <!--Insert your webseite address-->
21          <meta property="og:url" content="http://yourblog.com" />
22
23          <!--Insert description of the calendar-->
24          <meta property="og:description" content="EXAMPLE: Win awesome prices to sweeten your Christmas season! :)" />
25
```

Title

Insert a title for the calendar (e.g. Advent Calendar 2017 by yourblog.com).

```
25
26          <!--Insert title-->
27          <title>Advent Calendar 2017 by yourblog.com</title>
28
```

Activate and deactivate doors / tooltips
When a user clicks on an inactive door, a tooltip appears which tells him to come back later. You can customise the text or deactivate the tooltips.

To customise the text in the tooltip: change this part title="**Come back later!**".
To activate the door: just remove the marked part **class="tooltip" title="Come back later!"** and insert a URL in href="**#**".

Example:
Deactivated

```
59          <li class="door d1">
60              <a href="#" alt="advent calendar door 1" class="tooltip" title="Come back later!"></a>
61          </li>
```

Activated

```
59          <li class="door d1">
60              <a href="https://yourblog.com/door1" alt="advent calendar door 1"></a>
61          </li>
```

Share Buttons

Facebook: replace the marked part with your URL.

```
135         <!--Replace "http://yourblog.com/advent-calendar/" with your URL-->
136         <a target="_blank" href="https://www.facebook.com/sharer/sharer.php?u=http://yourblog.com/advent-calendar/">
            <img class="social" src="img/share.png" alt="" /></a>
```

Twitter: insert your own text. Replace spaces with %20.

```
137         <!--Replace sample text with your text. Note: you need to use "%20" as space-->
138         <a target="_blank" href="https://twitter.com/home?status=Win%20awesome%20prices%20to%20sweeten%20your%20Chri
            stmas%20season!%20Check%20out%20my%20advent%20calendar%20at%20http://yourblog.com/advent-calendar"><img
            class="social" src="img/tweet.png" alt="" /></a>
```

Conditions of Participation
Replace the marked part with the URL to the conditions of your raffle. For example "*https://yourblog.com/conditions*"

```
141
142         <!--Insert link to conditions of participation. Delete this line if not needed-->
143         <span style="text-align: center;"><a target="_blank" href="http://yourblog.com/conditions/">Conditions of Participation</a></span>
144
```

Fonts Used

Font for the badge (*"WE WISH YOU A WARM"*): TriplexSerif Cond Reg
